

Memorandum of Understanding

Between

Griffith University, Australia

and

**Indonesian Association of Environmental Health Higher Education,
Indonesia**

(Collectively hereinafter referred to as "Parties" and individually as the "Party")

Purpose and Scope:

Griffith University and the **Indonesian Association of Environmental Health Higher Education, Indonesia** comprising the Environmental Health Departments of at least twenty-three Health Polytechnic MOH institutions in Indonesia and six private health education institutions, have come together recognising the complementary expertise of, and opportunities for learning available to the two parties. They believe that mutual benefit can be gained from information exchange, professional and scholarly interaction, cooperative research and others forms of educational and academic collaboration.

1. The parties therefore intend to work together in the key discipline areas as below:
 - a. Water Sanitation
 - b. Air Quality Improvement
 - c. Insect and Rodent Control
 - d. Food and Beverage Sanitation
 - e. Waste Management.
2. The parties regard the following cooperation as desirable and feasible subject to mutual agreement:
 - a. Development of short and long term programs for capacity building, including professional short courses customised for each area or institute as required
 - b. Research and development collaboration
 - c. Mutual assistance in the preparation and delivery of seminars, conference and workshops
 - d. Mutual development and strengthening of international collaboration, for example, cultural and educational mobility of research scholars
 - e. Development of educational activities and study tours
 - f. Exchange of publication materials or other information as appropriate.

3. It is also envisaged that the initial cooperative projects will focus on the following, and these will be agreed on a case by case basis in line with Indonesia's requirements and in accordance with available resources at Griffith:
- Collaboration in Environmental Health program planning
 - Provision of expertise in the development of standardised curriculum
 - Other areas of academic collaboration, as mutually agreed.
4. The terms of specific areas of cooperation shall be further considered and agreed upon in writing by the parties prior to the initiation of any particular activity.
5. Any specific program will be subject to mutual consent, availability of funds and approval by both parties.
6. The parties agree that this Memorandum of Understanding is not a formal legal agreement giving rise to any legal relationship, rights duties or consequences, but it is only a definite expression and record of the purpose of the parties to which the parties are bound in honor only.
7. The parties agree that the ownership of Intellectual Property arising from activities undertaken under this MOU shall be dealt with on a case by basis prior to the commencement of any project.
8. This Memorandum of understanding shall remain in effect for a period of five (5) years from the date signing by the last party. It may be amended or modified at any time by the mutual consent of the cooperating institutions. Amendments must be made in writing. The Memorandum can be terminated at any time by either party upon provision of six (6) months written notice to the other party.
